

*who will seek for a tenable
world view and life view*

⁴ The writings of Laurency are primarily intended for those who were once initiates of esoteric knowledge orders. Only those are able to realize immediately at the first contact that hylozoics accords with reality. His writings are also intended to make up a working hypothesis acceptable to those philosophers and scientists of the future who will seek for a tenable world view and life view, realizing that there must be superphysical worlds and kingdoms.
