

Esoterics is not only a science.

¹ Consciousness is conditioned by the vibrations in emotional (48:2-7) and mental (47:4-7) molecular kinds. Consciousness domains that are mainly superconscious are, at the stage of barbarism 48:2-4 and 47:4-6; at the stage of civilisation 48:5-7 and 47:7-9. Esoterics does not only want to afford us knowledge of reality but also to show us how we shall be able to develop consciousness, precisely what is the meaning of existence.

² Esoterics is not only a science. It is also an art of living. It shows us how we should live in order to develop our consciousness. This knowledge becomes, if it is not put into living life, not only dead knowledge but also a hindrance to development. It may be news to the “uninitiated” that knowledge entails the responsibility for right use of this knowledge. They might understand it, however, if they are informed about the fact that ideas are energies that act destructively if they are not made to act constructively.
